## PRESENTATION OF THE 17th SET OF "NIRYAT SHREE" & "NIRYAT BANDHU" AWARDS FOR THE YEAR 2020-21

### SHRI PIYUSH GOYAL

HON'BLE UNION MINISTER OF COMMERCE & INDUSTRY, CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION AND TEXTILES

ON 3RD MAY, 2023 AT HOTEL LE-MERIDIEN, JANPATH, NEW DELHI

**प्रीयूष गोयल**  
PIYUSH GOYAL

**MESSAGE**

I am delighted to learn that the Federation of Indian Export Organisations (FIEO) is organising the 17th edition of Niryat Shree & Niryat Bandhu Awards on 3rd May, 2023 in New Delhi.

It is noteworthy that India has witnessed phenomenal export growth with an overall export of goods and services crossing \$770 billion for the first time in the last fiscal year. Under the dynamic leadership of Hon'ble Prime Minister Shri Narendra Modi, our exporters have risen up to the challenge and delivered outstanding export performance. The Government of India on its part is committed to creating more opportunities for export growth by negotiating with key trade partners like the European Union, the UK, Canada on new trade agreements.

FIEO is actively engaged with all stakeholders and the Government on a regular basis to build a supportive export-friendly environment to increase India's overall exports. I urge FIEO to continue to support all stakeholders to work together for making India a leading player in global trade.

I congratulate the esteemed recipients of the Niryat Shree and Niryat Bandhu awards for their outstanding contribution to the export sector and wish FIEO all the success in its future endeavours.

**MESSAGE**

I am delighted to extend my heartfelt congratulations to the winners of the 17th set of FIEO "Niryat Shree" and "Niryat Bandhu" Awards for the year 2020-21. These awards recognise the hard work, commitment, and dedication of our exporting community, who have made significant contributions to the growth of our economy.

India has a rich history of trade and commerce, and today, we are one of the fastest growing economies in the world. During the financial year 2022-23, India's exports of goods and services exceeded USD 770 billion, demonstrating our country's resilience, competitiveness, and potential. However, there is still ample scope for improvement and I am sure that these awards shall encourage more exporters to deliver their best in the coming years.

I would like to commend the Federation of Indian Export Organisations for its continued efforts in promoting exports and recognising the achievements of our exporters. Through initiatives like these awards, the Federation has helped create a supportive ecosystem that fosters innovation, collaboration, and growth in the export sector.

As we navigate the complexities of a globalized economy, it is essential to focus on enhancing our competitiveness, diversifying our export markets, and adopting new technologies and business models. I call upon our exporting community to embrace these challenges and continue to strive for excellence in all their endeavours. I am confident that our exporting community will continue to play a pivotal role in driving India's economic growth and prosperity.

Once again, my heartfelt congratulations to all the winners, and my best wishes for their continued success in the future.

**MESSAGE**

My felicitations to the Federation of Indian Export Organisations (FIEO) on the presentation of the 17th set of "Niryat Shree" & "Niryat Bandhu" Awards. These Awards recognise top performance in various fields of exports.

I would also like to compliment the recipients of the Niryat Shree and Niryat Bandhu Awards for their outstanding contribution to the export sector. Their exemplary work in this challenging global environment has set a benchmark for others in the industry to follow.

The Indian exports sector has shown remarkable resilience in the face of global headwinds, with an overall export of goods and services to over US\$ 770 billion in the last fiscal with a growth rate of about 14%. It is encouraging to witness such spectacular growth in exports, and encouraged by the trend, the Government has set a target of US\$ 2 trillion exports by 2030, a billion dollars each of goods and services.

There are challenges ahead in this fast-changing world and the Government cannot alone achieve this target. With continued policy support from the Government, trade bodies and the ever-enterprising exporting community, this target is not difficult to achieve.

Let us all work together to achieve this goal and make India a leading player in global trade.

I once again convey my heartfelt greetings to all the award winners for outstanding export performance.

**Dr. A. Sakthivel**  
President, FIEO

It gives me immense pleasure to announce the 17th Set of "Niryat Shree" and "Niryat Bandhu" Awards of the Federation for the year 2020-21. These awards recognise the outstanding achievements of individual enterprises in international businesses.

Despite numerous challenges faced by exporters caused due to the pandemic I must appreciate the efforts of all my exporter friends who have gone all out to make a vital contribution to the economic growth of the country. Growing and diversifying foreign trade itself says it all about India's growth story, which continues to remain intact year after year as one of the fastest growing economies. The aggregate exports of the country in the current fiscal crossed US\$ 770 billion exhibiting a growth of about 14% over the record exports of US\$ 672 billion in 2021-22. I am fortunate to witness 55% growth in India's exports during my two years tenure as the President, a record milestone.

I am also happy to inform you that FIEO in its continuous endeavour to handhold and mentor the exporting community for promoting India's exports celebrated its 58th Foundation Day on February 19, 2023. During the last 12 months, FIEO has represented India in 45 international shows in various new & emerging markets including Jordan, Kyrgyzstan, Serbia, Portugal, Bangladesh, Japan, Azerbaijan, Uzbekistan, Poland, Romania and Cuba etc. through participation in International Expos in the respective countries besides, organised the "Best of India Expo" at Dhaka, Bangladesh, business delegation to Philippines and International Conference on MSMEs and a B2B Meet with incoming 4 business delegation from Tanzania.

FIEO organised SOURCEX INDIA 2023 (Reverse Buyer Seller Meet - RBSSM), India's first Global Market Place for promoting Make in India brands to go global, covering both food & non-food Fast Moving Consumer Goods (FMCG) as well as Services. It organised "Logix 2023", the flagship event in logistics attracting over 100 global companies. Further, FIEO's Business Incubation Centre provides handholding support to the new entrepreneurs starting from selecting the right product, identifying the country to export, connecting with bankers, identifying suppliers and helping them in logistics and documentation. Besides, the Federation also provided support on a variety of issues relating to market access, standards, safety and regulations in overseas markets.

Last but not the least, I would like to congratulate all the Award winners who have done exceedingly well in these difficult times.

Like a circle, the pursuit of excellence has no end. We salute your unwavering commitment to outstanding performance.

*Dr A Sakthivel*  
(Dr A Sakthivel)

**Israr Ahmed**  
Vice President, FIEO

It is indeed an honour for me to recognise the efforts of the exporters receiving the "Niryat Shree" and "Niryat Bandhu" awards for the year 2020-21.

FIEO has been playing an important role in promoting international trade. The Organisation has kept pace with the changing dynamics of international trade and has been a staunch advocate of the cause of trade and industry. It guides its members in addressing the new challenges being faced in the sphere of international business.

The initiatives of the Government of India by organising Capacity Building Programmes across the country under One District One Product and District as Export Hub is acting as a catalyst in augmenting exports from the country and in promoting Brand India in the global market.

I would also like to share my thoughts on the Services exports, which I feel is the star of India's export growth story. India is the world's seventh-largest services exporter. The services sector is a key driver of India's economic growth, providing employment to nearly 26 million and contributing about 40% to India's total global exports. The Service industry which had taken a huge setback because of the pandemic and global slowdown has recuperated brilliantly as the estimated value of services export in April, 2022 - March, 2023 is USD 323 billion as compared to USD 254 billion in the year-ago period.

On the merchandise front also, exports are so far registering healthy growth despite the world being under recession, huge inflationary pressure, and overstocking of various commodities.

Encouraged by the performance of exports, the Government is looking at achieving a target of USD 2 trillion by 2030. This will be a challenging task but I am confident of the capabilities of Indian entrepreneurs who will help to realise such a target.

I congratulate all the award winners for their exceptional performance. I am sure, we will be witnessing far better performance by them in years to come.

*Israr Ahmed*  
(Israr Ahmed)

**Dr. Ajay Sahai**  
DG & CEO, FIEO

FIEO, as an apex body of all the trade promotion organisations in India, has been continuously tirelessly working for the betterment of the EXIM community of the country. As a step to acknowledge the efforts of the exporter fraternity, FIEO accolades the best performers with its flagship Niryat Shree Awards.

I am privileged to be a part of the prestigious award function. The award is a long running legacy, instituted in 1995, which is acclaimed by the Exporter Fraternity in India.

Indian exports achieved a new milestone of US\$ 447 billion in merchandise goods and US\$ 323 billion in services in FY 2022-23, despite global headwinds and slowdown. Encouraged by these trends, now efforts are to be made by the EXIM community to further accelerate this momentum.

The Government has been actively working towards developing an enabling and supportive ecosystem for exports and providing better market access by entering into FTA's and CECA's with important nations. In its granular approach towards exports facilitation, the Government has adopted Districts as Export Hubs.

I would like to congratulate the efforts of all the stakeholders for their valuable contribution in achieving this milestone. I am also optimistic that the goal of US\$ 1 trillion exports of goods and services each will be easily achieved by 2030.

This award function will provide much needed motivation and FIEO is confident that with the help of the Indian exporters community and the country's policy makers, India's Exports will see a quantum jump in next few years.

I once again congratulate all the award winners, their employees and families for the remarkable achievement. They have raised the bar and I am sure the same will encourage them to excel further.

*Dr Ajay Sahai*
